What is ‘My What-If Report’?

‘My What-If Report’ allows you to simulate various what-if scenarios with different set of academic programme, major, minor or modules that you may be planning to take.

It looks at the current set of academic programme and plan(s) you are registered and the added/changed what- if programme/plans, to generate an overview of your degree progress based on the modules that you have passed, currently reading and/or added what-if modules.

Waivers of requirements, exceptions or module substitutions granted by a Head of Study and/or the Committee on Academic Standards are only updated in your graduating semester.

The report is only a guide and should not be used as your unofficial/official transcript.
